

Support **seamless communication**, drive **conversions** and enable an **exceptional travel experience** with e-commerce tools for Travel Studio

The complete toolkit to turbo-charge your online sales and service

- Provide a tailored online service for your B2B and B2C customers
- Stay connected to your suppliers
- Manage complex bookings with a simple user interface
- Easily integrate with your existing technology

Build tailored and personalised packages for your travel customers

BOOKING PLATFORM

Automate your online bookings with plug-and-play web pages

B2B and B2C customers can book directly into Travel Studio from anywhere, anytime. White label booking pages slot into any website to automate your booking flow and take direct online payments.

CUSTOMER PORTAL

Put your travellers in control with the customer portal

Customers can access their full itineraries, documents, flights, and hotel bookings directly in the portal. Enhancing your customer care process while your staff spend less time managing it.

TINERI APP

Deliver interactive itineraries on their favourite devices

With the Tineri App, travellers can access the chat module, document storage, and maps directly on their smartphones. Delivering fast and effective support so your staff can focus on other business priorities.

Increase **visibility**, enhance **synergy**, and **streamline** your supplier management processes

SUPPLIER MANAGEMENT

Connect your suppliers directly to Travel Studio

Built for ease and visibility. Suppliers and travel providers can access the latest rates, availability, and directly confirm reservation requests via a link sent from your Travel Studio back office.

Our Channel Management API also allows users to share rates and availability for maximum distribution profitability via integrated Channel Managers.

VILLA OWNERS PORTAL

Simplify the villa management process

Communicate and coordinate with villa owners all in one place to save time and maximise visibility on both sides of the booking.

Users can track rates and manage availability, whilst instant confirmation links mean bookings can be confirmed in just one click.

“As we continue to grow, we want to ensure that our technology is **adaptable** and **sustainable**.

Open Destinations will enable us to sell our experiences in the most **flexible** way possible, both now and in the future.”

Gary Franklin, Managing Director
Trains & Cruises, Belmond
