

Get ready for the future of travel with the very latest in Reservations Management technology

Travel Builder from Open Destinations is a comprehensive out-of-the-box SaaS reservations management solution that handles complex bookings in real time, so that you can focus on growing your business.

Specifically designed for Tour Operators and Destination Management Companies, it delivers your business with a fully responsive website, **directly connected** to sales, management and accounting for optimum visibility and efficiency.

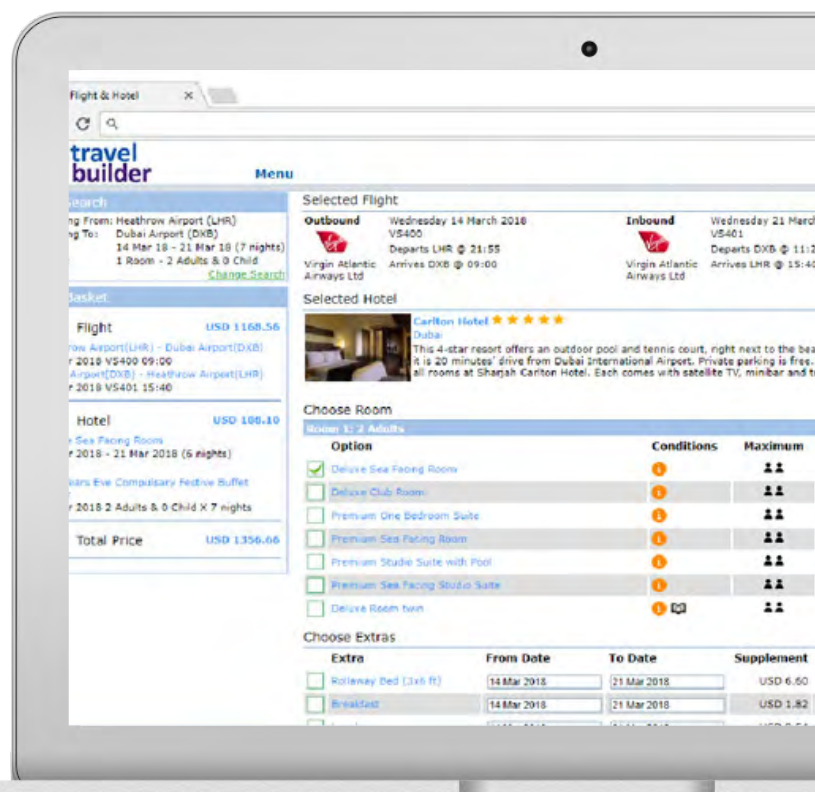

You're in control

With a complete 360-degree view of your entire back-office operation, Travel Builder opens the way to increased productivity with intelligent, data-driven and automated processes.

You can choose from a wide range of modules to create a tailored package built to **your specific requirements**. From automatic seat assignment to yield management, availability is in 'real time' with prices adjusting automatically to changing demand so that you can maximise sales and revenues.

High-speed set-up for immediate impact

You can get up and running with Travel Builder **fast**. With minimal implementation requirements, and a simple, intuitive user interface your customers will be able to **look and book** more easily than ever before.

Exceptional Product Management

- Manage all your business through **one** single platform
- Sell easily across multiple channels to maximise your revenues

Ultimate user experience

- Simple, stylish user interface for improved customer experience
- Fully responsive website with real-time availability and demand-based pricing

Lightning-fast service

- Rapid searches guaranteed with cloud-based hosting
- Information in real time for increased accuracy and efficiency

Expand your offer and sell more

- Connect to a rich world of travel services and products such as hotels, excursions, events, transfers, destination services
- Dynamic pricing adjusts in line with availability and demand

Specialist Tour Operator **greatchile.com** grows with Travel Builder

“Travel Builder is the complete solution. I love that **all the data we need is in one place, fitting everything in controlled and personalised workflows** with options for automation. The service we have received from Open Destinations has been professional, dedicated and provided valuable expertise.”

Sebastian Schneider, Operations Manager
